- V1.0 submitted 2020-08-19, JLCPCB
- V1.1 submitted 2021-05-14, JLCPCB V1.2 submitted 2024-02-21, JLCPCB

Changes:

- 1. Řemove 74HTC125 no IEC, so not required.
- 2. Remove JTAG
- 3. Fix routing error on power led footprint 4. Move J2 header closer to IEEE to allow
- horizontal pins
- 5. Shift reset button slightly back from edge.
- 6. Add mounting/support hole for SD card.
- 7. Add mounting hole at reset corner.
- 8. Add second CARD header for mounting card facing outwards.
